By John McPhee : The Survival of the Bark Canoe building a birch bark canoe is something very few folk in the world will ever get to do so i feel extremely fortunate to be helping my friend jarrod stone dahl one of mcphee john the survival of the bark canoe farrar straus and giroux new york 1975 adney edwin tappan and howard chapelle bark The Survival of the Bark Canoe:

1 of 1 review helpful A GREAT book by Mc Phee Makes you want one By GrammaPam This is the second of many of McPhee's books that I have read He is a very good writer His detailed information about the subject of his books is amazing But the way he interlaces information about the people and places he has met been in gathering that information is absorbing He has the ability to draw you into the scenes and carry you along In Greenville New Hampshire a small town in the southern part of the state Henri Vaillancourt makes birch bark canoes in the same manner and with the same tools that the Indians used The Survival of the Bark Canoe is the story of this ancient craft and of a 150 mile trip through the Maine woods in those graceful survivors of a prehistoric technology It is a book squarely in the tradition of one written by the first tourist in these woods Henry David Thoreau In an age of mass produced and disposable objects traditional crafts are becoming extinct and appreciation for craftsmanship has become a hobby for the wealthy dilettante But here and there a few stalwart individuals carry on the old traditions Henri
