**By Beth Rubin :** Frommer's Washington D.C. with Kids (Frommer's With Kids) Frommer's Washington D.C. with Kids (Frommer's With Kids):

114 of 126 review helpful Going to D C with kids Don t buy this book By A Customer If you re going to Washington D C with kids this is not the book to buy Everything we looked up in the book before and during our D C trip was accurate or misleading We made reservations at a hotel listed as economical only to find the real price was 40 more than listed When we entered the restaurant listed as one that welc With Frommer s family vacations have never been so easy It s like having a friend show you around taking you to the places local parents and kids like best Our expert authors have already gone everywhere you might go mdash they ve done the legwork for you and they re not afraid to tell it like it is saving you time and money No other series offers candid reviews of so many hotels and restaurants in all price ranges and tells you which ones are kid friendly Every com Over the years millions of kids have been dragged to Washington to see the grand edifices and historic monuments of our country s capital and most of those millions have returned home without the desire to ever see a statue senator or Supreme anything
