2 of 2 review helpful It's portable but By cAROLYN It's portable but does not contain a map of Portland so you have no idea how the city is laid out Other portable guidebooks furnish a small pull out map of the entire city This guide has small single page maps specific to dining and accomodation locations Now I need to get something else to get a useful map It's an OK book but I would have bought another guide if An ultra portable and concise guide to a city known for its friendly vibe and its rich culture Our author a longtime resident ofOregon knows Portland inside and out from its famous gardens to the newest microbreweries He regularly visits all the city's best hotels and restaurants in person and offers authoritative candid reviews that will help you find the choices that suit your tastes and budget In the spirit of Portland's affinity wit From the Back Cover See the very best of Portland Whether you're at the International Rose Test Garden or in search of the city's best microbrew our expert author guides you to your best Portland experience Detailed maps throughout
