4 of 4 review helpful Fantastic guide no BS a little limited By M Brooks This guide was the perfect companion to our trip to Portland and Seattle this summer Devoid of all cheesy tourguide advice and tells it like it is what s cool what s just not worth the time and what is not worth the expense The only thing we found lacking was a comprehensive list of breakfast and lunch spots and things to do outside the down Looking for a travel guide that goes where other guides fear to tread One that rides roughshod over ad copy puffery to smartly deliver the real scoop on a destination s sites and attractions One that dares to be honest hip and fun Look no more Frommer s Irreverent Travel Guides are wickedly irreverent unabashedly honest and downright hilarious and provide an insider s perspective on which attractions are overrated tourist traps and which are the secret gems that From the Back Cover Little fluff and lots of fun mdash Boston Globe Hipper and savvier than other guides mdash Diversion magazine Are you tired of clich eacute ridden guidebooks packed with promotional fluff Then move over to the Irreverent Guides mdas
