1 of 1 review helpful Outdated Mapbook is a Danger By Mark s description tells it all Updated annually I have no idea why I continue to come up with a 1998 edition I currently use this edition bought it two years ago and am constantly running into areas where the pace of progress has left the mapbook useless and indeed dangerous in some cases The 2000 edition is on store shelves now as Rand McNally now publishe Highly accurate map book featuring street level detail for the Metropolitan Washington DC area including the Beltway Each map book is updated on an annual basis
