0 of 0 review helpful Well Rersearched Needs to Be An Audiobook Too By Cdunc I really appreciate the research that went into the writing of this book It meshes so well with my goal to visit where my ancestors lived Now I know what details I m looking for as I walk around looking at architecture It helps to have the map that is included handy to refer to when reading the walking directions I also am experimenting with From the inspired creator of the beloved Portland Hill Walks comes a rich collection of twenty eye opening walks exploring the backstreets and back stories of the neighborhoods of Portland and five nearby towns Laura Foster s new walking routes are easy to follow self guided and accessible by public transportation They also include plenty of snacks and offbeat treasures along the way From Goose Hollow to Garden Home Laurelhurst to Lake Oswego Forest ldquo Skillfully combines neighborhood history and architectural description with keen observations guaranteed to capture a walker s imagination rdquo nbsp mdash The Oregonian
