**By Henry Gannett : A Geographic Dictionary of Massachusetts. U.S. Geological Survey, Bulletin No. 116 (New York Historical Manuscripts)** A Geographic Dictionary of Massachusetts. U.S. Geological Survey, Bulletin No. 116 (New York Historical Manuscripts):

This work was originally published by the U S Geological Survey in 1894 as Bulletin No 116 It consists of some 5 500 designations of places and topographical features each identified in relation to a town or county or other prominent location Originally designed as a finding aid to the atlas sheets published by the U S Geological Survey it stands by itself as a gazetteer assisting the genealogist in locating some of the obscure places mentioned in warrants deeds
