3 of 3 review helpful Fine for what it is By Thomas Gryn The maps are very good and easy to navigate and their overviews of the main attractions in the D C area are about as good as one can hope for in a 1 2 page space for each They also have good maps of the local transit system One limitation that potential buyers should be aware of is that

this book only deals with D C proper and a little bit of Fairfax County Neighborhood maps dotted with locator icons Listings of key services restaurants shops schools entertainment venues public transportation parks and more Editorial commentary provides valuable tips and interesting trivia Pullout maps Convenient size
