10 of 13 review helpful Use only in conjunction with a current map By duncanej proaxis com We recently used this guide in selecting a short day hike The loop we selected came across as very straightforward so we took off without consulting additional maps We were annoyed to find ourselves off the loop twice after coming to trail junctions not included in the guide map Upon returning home we looked at another guid Veteran hiker Bruce Grubbs guides the outdoorsperson on 75 treks through the pristine Three Sisters Country of Oregon s Central Cascades Volcanoes and old growth forests await those looking for accessible yet uncrowded adventure Along with overnight trips and hikes of interest to photographers the author emphasizes shorter and easier hikes to introduce this special region to first time hikers
