**By Thomas B. Allen : The Washington Monument: It Stands for All** the aluminum tip is placed on the top of the washington monument it was the tallest building in the world upon its completion in 1884 standing 555 feet 5125 inches on this day in history washington monument completed on dec 06 1884 learn more about what happened today on history The Washington Monument: It Stands for All:

1 of 1 review helpful a great history By jim m Finally a piece dedicated primarily to the Washington Monument Great insight into the financing false starts and finally the completed monument which served as a backdrop to a variety of historic events in our Capitol City The Washington Monument dominates not only the skyline of the nation s capital but also the iconography of the country itself From its conception the result of a Continental Congress that wanted to honor a reluctant general to its completion after nearly a century of stop and go planning and construction the story of the Monument involves virtually every major political figure of America s first century Since the Monument s

dedication its grounds have become a nati From Library Journal The Washington Monument is a grand symbol honoring a grand man Hero of the Revolutionary War father of our country and our first President Washington the man needs no further elaboration The monument however is a different story an
