By Jan D. Curran : The Appalachian Trail--Onward to Katahdin we would like to show you a description here but the site wont allow us the washington posts news service and syndication page The Appalachian Trail--Onward to Katahdin:

6 of 8 review helpful Different than his first book By Robert Merivel Jan Curran's first book on the trail The Appalachian Trail A Journey of Discovery covered Jan's reasons for hiking the trail and does an excellent job of describing the daily life and trial of hiking the Appalachian Trail This book however gets very involved in the spiritual aspects of his journey and continues to proselytize when you just want him When Jan D Curran retired from the Army he hiked the entire 2 100 miles of The Appalachian Trail from Georgia to Maine to aid his transition to civilian life As a young retiree he found the journey tedious sometimes even dangerous but laden with nature's riches and unexpected spiritual rewards In The Appalachian Trail Onward to Katahdin Curran describes in vivid detail the Northern half of his AT adventure as he finally completes the journey
