0 of 0 review helpful Incomplete Book By Customer Short 15 pages 3 of 3 review helpful Snarky with more than a hint of partisan politics By S B Burger Find another guide The writers of this one included a snarky undercurrent of anti US disdain with thinly veiled social commentary on everything from native indians to the Department of Defense It s just tiresome The Rough Guide to Oregon and Washington is the definitive guide to these scenic Pacific Northwest states The Twenty four colour pages introduce the region providing suggestions on what to see and do and when to go as well as featuring snapshots of over twenty of the area rsquo s highlights Beginning with easy going Portland and finishing with geologically diverse eastern Washington you rsquo ll find more extensive and detailed coverage than in any other guide T I used this book to plan a recent trip to Oregon It s coverage was first class About the Author Various Authors
