By Francis Parkman : The Oregon Trail (Airmont Classics) The Oregon Trail (Airmont Classics):

3 of 3 review helpful The frontier that was not so very long ago By Green Cat A fascinating account because it was a window into life on the frontier written at the moment when white settlers began to arrive in the prairie and Rocky Mountain area The author foresaw the future of the native population and was something of a visionary in his desire to chronicle their way of life At the same time the vocabulary that he us Francis Parkman 1823 1893 was an American historian best known as the author of The Oregon Trail 1847 and his monumental seven volume France and England in North America These works are still valued as history and especially as literature although the biases of his work have met with criticism He was also a leading horticulturist briefly a Professor of Horticulture at Harvard University and the first leader of the Arnold Arboretum originator of several flowers From Library Journal In 1846 a young man of privilege left his comfortable Boston home to embark on a strenuous overland journey to the untamed West This timeless account of Parkman s travels and travails provides an expressive portrait of the rough frontiersm
